Latest Pushover News: <u>Pushing data directly to a complication on your Apple Watch (http://updates.pushover.net/post/152731668192)</u> posted on November 04, 2016

Hey There! Your e-mail address has not been verified. Please click on the link in your welcome e-mail to verify your account.
Didn't get the e-mail at `tameeshbiswas1998@gmail.com`? Check your e-mail spam folder, or send another e-mail (/settings/new_verification_email). Wrong address?
Update your e-mail address (/settings).

Send a Notification

To send a notification to your device, you will first need to install the client (/clients) on your iOS or Android device.

Your User Key

To receive notifications from a Pushover-powered application (/apps), service, or website, just supply your user key:

ua5b2m839xc8wqp16tys4y8kfdh3jx

To receive Pushover notifications from e-mails, send to:

kub5gy7j7k@pomail.net

Your Quiet Hours (Edit (/settings/quiet_hours))

You do not have any enabled quiet hours.

Your Devices (Add Your Mobile Device or Desktop (/clients)) (View Your Licenses (/licensing))

No devices registered. Install our Android or iOS client (/clients) on your device to get started.

Your E-mail Aliases (Create an E-mail Alias (/email/build))

Address	Settings
kub5gy7j7k@pomail.net (/email/kub5gy7j7k)	Deliver to all of your devices (default)

Your Delivery Groups (Create a Group (/groups/build))

No delivery groups created yet. Want to create one? (/groups/build)

Your Applications (Register an Application/Create an API Token (/apps/build))

No applications created yet. Want to register a new one? (/apps/build)
